**Feel Super *and* Sparkle this Spring**  
**Karey Kyle's Spring '06 Jewelry Collection Helps Support BreastCancer.Org**

NEW YORK (April 3, 2006) – Spring means serious changes in wardrobe. In addition to breaking out the strappy sandals and shades, how you accessorize is just as important in achieving the perfect look as the sun warms the Northern Hemisphere.

Lucky for the fashion-forward, Karey Kyle's new line of eye-appealing earrings and necklaces will not only help women sparkle this season, but help support charity, too. When you purchase Karey's new Cosmopolitan earrings, 100 percent of the proceeds will be donated to **breastcancer.org**, a nonprofit organization dedicated to providing the most reliable, complete, and up-to-date information about breast cancer. There is no better reason to pick up a pair of the natural rose quartz and sterling silver earrings to spruce up your spring accessories while helping a wonderful cause at the same time.

"I'm so glad to partner with breastcancer.org and support a resource that promotes women's health," says Karey. "Education and information is so vital to those affected by breast cancer, and I designed my Cosmopolitan earrings with this in mind – that hope and dedication are just as important as research and facts toward finding a cure."

Inspired by nature and its hues of brown wood, green foliage and blue waters, the spring line also features Karey's dramatic Dirty Martini earrings, which combine a single chalcedony stone surrounded by delicate moonstones and sterling silver hooks, along with ten other designs sure to please even the most discerning fashion divas.

In addition to her earrings, necklaces also grace the spring line. When going out to brunch, you'll want to slip on Karey's Ginger Champaign necklace. Its 14K gold and sterling silver chain is draped with a lemon topaz gem, while her Saketini necklace features an alluring combination of chalcedony and white onyx stones with a sterling silver chain and rings. With more than a dozen styles to choose from and sporting names including "Vodkatini" and "Honey Colada," finding the ideal necklace for any occasion from a rock concert to a romantic outdoor dinner is a breeze.

Her tasteful, flirty and distinctive pieces shine with delicate color with carefully chosen semi-precious stones accented with sterling silver and/or gold. With a high attention to quality, what makes Karey's line a true standout – in addition to attractive design – is the care and personal detail she puts into each creation.
